**NARRATIVE SUPPLEMENT TO THE CIA ARCHIVES & RECORDS
CENTER MONTHLY STATISTICAL SUMMARY FOR MARCH 1966**

1. A total of 1,329 cubic feet of records were accessioned from various Headquarters components.
2. Disposition action was taken on 1,297 cubic feet of records no longer needed by the Agency. The backlog in the physical destruction of records, except for "special" records has been eliminated. The Total Holdings now amount to 86,729, of which, 2,312 are in the Federal Records Center.
3. The net increase to the Total Holdings only amounted to 32 cubic feet. This is the second month in a row that the increase has been less than 100 cubic feet, this is due largely to the elimination of the disposal backlog and the current timely disposal of the records as they become obsolete.
4. There were 235 References to the Archives. Current emphasis in the Archives is on intra-office notices and instructions. OBI and the DD/S&T have been added to the list of offices sending copies of Intra-office instructions to the Archives.
5. There were 14,278 reference items pulled and forwarded to the various requestors in the Agency, other USIB agencies and foreign governments. It was necessary to make two special deliveries of urgently needed documents, one for DDP and one for OCI.

6. Visitors:

The OBI Records Officer and a specialist in geographic reports were at the A&RC for 3 days to assist A&RC personnel with the arranging of a part of the OBI Archival Records.
